

A Personalized Learning K-12 Charter School

CORE Butte's school reopening plan is based upon all available resources and guidance from the following sources:

- Center for Disease Control (CDC)
- CalOSHA
- State of California
- California's Industry Guidance for Schools and School-Based Programs
- Butte County Public Health (BCPH)
- California Department of Education
- Special Education Local Plan Area
- State Department of Special Education

Staff, students and families are expected to take preventative measures:

- Self-screen for fever and/or respiratory infection symptoms prior to in-person commitments
- Stay home when sick
- Self-quarantine and COVID-19 testing required if exposure is suspected
- For any confirmed COVID-19 illness, clearance is required prior to returning to the school site or attending in-person gatherings that are school related
- All persons must wear a face covering at all times when at the resource center, if you have a medical exemption, a face shield with a drape is an appropriate alternative as per the state's industry standards for schools and school-based programs

Who do I contact with questions?

Please contact Mary Cox, Executive Director at mcox@corebutte.org should you have any questions or concerns.

Please only come to the resource center if you and your family can answer "no" to all four of the following questions:

1. Have you or anyone you have been in close contact with been diagnosed with COVID-19 within the last 14 days?
2. Have you or anyone you have been in close contact with recently experienced a fever (temperature over 100.4° F or 38° C) within the past 24 hours?
3. Have you or anyone you have been in close contact with had COVID-19 symptoms in the last 24 hours (loss of smell, cough, sore throat, muscle aches, shortness of breath, nausea, vomiting, loss of appetite)?
4. Have you or anyone you have been in close contact with been asked to self-isolate or quarantine in the last 2 weeks?

Common Definitions During COVID-19 Restrictions

Nonessential Work: a task or activity that can be completed virtually

Essential Work: a task critical to the operation of the school that must be completed in-person. These tasks cannot be completed remotely or virtually, nor be placed on hold without having significant impact on the school or its students.

Gathering: Any event or convening that brings together more than one person in a single room or single indoor or outdoor space at the same time.

Social Distancing: Maintaining a six-foot separation from all persons except for household members, first responders and medical providers or employees conducting temperature screenings.
